# SANTAS

The Santas in my collection have personality to say the least. They come in a variety of techniques such as: fusible appliqué, hand appliqué, combination pieced with fusible details.

All day workshop:

\$400.00

# RENAISSANCE ANGELS

My first and most popular workshop, these elegant angels are graceful and have flowing garments. The techniques used are fusible appliqué and machine quilting with metallic threads. The class offers the student the chance to take home a completed top.

All day workshop:

\$400.00
